

**Figure 1: Plot of Estimated Annual Hours of System Operating Reserve Deficiencies
for 2027-2028 CCP**

Figure 1 is a 'box-and-whisker' plot of the data in Table 1 with the values for the 25th and 75th percentiles included in addition to the 5th, 50th and 95th percentiles shown in Table 1. In Figure 1, each shaded 'box' indicates the upper and lower quartiles (Q1 and Q3) of the data. The median is shown as a horizontal line within the box. Whiskers extend from the boxes to the minimum and maximum values of the data. Outliers are shown as individual points beyond the whiskers.
